### Message of Thanks

*“As a parent, I feel very appreciative of the support that we are receiving in these uncertain times. Any issues that I have had, have been resolved quickly and this has also happened out of school hours. You are all absolutely amazing and should be proud of yourselves. Thank you very much. I feel proud to say that my children are a part of Carleton Park J & I School.”*

Though the staff would say they are just doing their job, your thanks and appreciation really is welcomed. The success of our school over the last 2½ years has been centred around a community buy in – we are all responsible for providing the best education possible for our children.

Keep up your great work!

### Remote Learning

If for whatever reason your child or children are unable to attend school, our school staff are working tirelessly to prepare weekly remote learning packs to ensure they do not lose learning time. Timetables are shared as a guide on for the class that is currently not in school, online 'live sessions' with a teacher are happening. The expectation for any child not attending school is to upload work to ClassDojo on a daily basis, this really is important in keeping the children up to date with the latest lessons and hopefully minimising any lost learning upon their return to school.

### Fundraising

Thank you for all your generous donations for both The Poppy Appeal and Children in Need. As a school we managed to raise £130.00 for The Poppy Appeal and £223.00 for Children In Need. Your donations will be needed even more this year, so well done everyone!

 Are any of the others correct?

Jack put it the other way round and it is still correct.

In the morning, they all played hide and seek, Edmund was on so he tried to find Lucy with her funny "Narnia" story. He only rarely listened to stories but he still went to find Lucy. Walking through the soft, fluffy coats, Edmund didn't reach the end of the Wardrobe, he was in some sort of snow world with only one larva post to guide him. After a while, Edmund bravely shouted "Lucy where are you, I know your here somewhere!" He walked along the snowy path passing the lamppost, scaredly wondering if he had made the right decision. Almost unbelievably, he saw a pale, white woman with straight, black locks with pure red lips, beautiful but vicious in some way. She was riding round in a sleigh with a short looking man driving her. He had a long Grey beard and looked freezing to the brim. The woman had a crown and a blue robe. Edmund was shaking, had he seen a queen? The queen of this mysterious land? Her face strictly turned to Edmund and suddenly he froze like an ice cube not knowing what to say.

## STOP BULLYING

Why should you stop  
 It's important to stop bullying because it may have serious effects. It may be physical or mental but either way you should do anything you can to stop it.

Different forms of bullying  
 There are two forms of bullying: cyber bullying and visual bullying.

Cyber bullying  
 Cyber bullying is when you use a mobile phone or the internet to bully someone else.

Visual bullying  
 Visual bullying is when you use a picture or drawing to bully someone else.

English Lesson 1  
 Mysterious animals of Narnia

Mr. Turnus  
 That the magical Faun is a goat man that is called Mr. Turnus. He has a goat's head, a peacock's tail, a goat's legs, tail and hooves. He is quite nice but somewhat. He is cunning because after he invited her to he he was gonna kiss her. Only got the white witch because if he didn't he'd get turned to stone! He didn't want to so he didn't so after all he was just being hospitable!

The White Witch  
 This wicked character has a stern look she is as tall as a Christmas tree! She wears a cloak of a goat-bear skin over a dress of soaking it. Her face is placed on her head, a word is waved around, until he heard. Her little daughter - Koornee acts as he support. She glays around on a sleigh pulled by 2 poor captured reindeer. In Narnia she has a box of poisons that she can use to kill her enemies.
